Crossroads

When you reach a crossroad, you have a choice of which direction to go. Chapter 7 Crossroads from Jeffrey Court is all about choices.

Featuring a new interpretation of a centuries-old hand applied technique, the collection offers over 50 different unique styles and color combinations of decorative tile. Each is meticulously crafted by true artisans in our California facility using only water-based and lead-free glazes.

As shown in this beautiful catalog, the extensive selection of ceramic field tiles and mosaic medleys, coordinating crushed glass mosaics and terra cotta floor tiles offers a rich balance of color and texture.

Endless design choices will inspire remarkable designs for kitchens, bathrooms, outdoor rooms and more, adding a truly unique look to any interior or exterior space.

Chapter 7 Crossroads... it's the perfect choice.

Above: L - R: Workers in Jeffrey Court's California factory hand apply glazes with a bulb syringe, creating a slightly flooded paint affect. The tiles are then kiln-fired and transformed into the beautiful colors shown on the finished product.

Cover: 4" x 4" and 4" x 8" Field Tile, Marzipan; Hex Field Tile, Marzipan; Ruffles Liner, Espresso; 4" x 8" Vine, Marzipan.
